

REFERRALS

What is Shipster Referrals?

Discovering that one of our wonderful clients or friends has recommended us is the ultimate compliment and tells us we're doing something right. Now, we've decided to add some structure & reward these referrals.

Once a referral is fully converted and onboarded, you'll receive £500. There's no limit to how many people or companies you can refer either - as long as you keep spreading the word, we'll keep rewarding you!

You can keep track of your referrals and rewards with our referral platform via Referral Rock.

The Shipster Referrals Process

1. Sign up for a Shipster Referrals login via our referral platform
2. Register any referrals you've made on your dashboard- You must remember to log them via your dashboard, otherwise you won't receive a reward
3. Wait for the client's Shipster onboarding process to complete - This can vary from company to company, so we'll keep you in the loop if we think the process might take an especially long time
4. Receive your rewards!

The Shipster Referrals Dashboard

Your dashboard provides you with an overview of every referral you've made, including link clicks, your approved referrals, and the amount of rewards you've earned.

You can also access helpful links and resources that may be useful to your referee when learning about Shipster, including:

- Shipster website
- Shipster pricing & calculator
- Sales documents
- Shipping rules info

However you decide to make the introduction to Shipster is completely up to you - the Shipster Referrals Dashboard helps you keep track of them and ensures you are credited for the contact.
